will be used by the State to review each CDP to determine whether the CDP, CDQ, and PSQ allocations thereunder should be continued, decreased, partially suspended, suspended, or terminated under the following circumstances:

- (1) If the State determines that the CDP will successfully meet its goals and objectives, the CDP may continue without any Secretarial action.
- (2) If the State recommends to NMFS that an allocation be decreased, the State's recommendation for decrease will be deemed approved if NMFS does not notify the State in writing within 30 days of receipt of the State's recommendation.
- (3) If the State determines that a CDP has not successfully met its goals and objectives or appears unlikely to become successful, the State may submit a recommendation to NMFS that the CDP be partially suspended, suspended, or terminated. The State must set out, in writing, the reasons for recommending suspension or termination of the CDP.
- (4) After review of the State's recommendation and reasons thereof, NMFS will notify the Governor, in writing, of approval or disapproval of the recommendation within 30 days of its receipt. In the case of suspension or termination, NMFS will publish notification in the FEDERAL REGISTER, with reasons thereof.

[63 FR 30403, June 4, 1998, as amended at 64 FR 3882, Jan. 26, 1999; 64 FR 20214, Apr. 26, 1999; 65 FR 45318, July 21, 2000; 67 FR 4148, Jan. 28, 2002; 70 FR 15013, Mar. 24, 2005]

## § 679.31 CDQ reserves.

Portions of the CDQ and PSQ reserves for each subarea or district may be allocated for the exclusive use of CDQ groups in accordance with CDPs approved by the Governor in consultation with the Council and approved by NMFS. NMFS will allocate no more than 33 percent of each CDQ reserve to any one group with an approved CDP.

- (a) Pollock CDQ reserve—(1) Bering Sea. In the annual harvest specifications required by §679.20(c), 10 percent of the Bering Sea subarea pollock TAC will be allocated to a CDQ reserve.
- (2) Aleutian Islands Subarea and Bogoslof District. In the annual harvest

specifications required by §679.20(c), 10 percent of the Aleutian Islands subarea and Bogoslof District pollock TAC will be allocated to a CDQ reserve unless the Aleutian Islands subarea and/or Bogoslof District is closed to directed fishing for pollock by regulation. If the Aleutian Islands subarea and/or Bogoslof District is closed to directed fishing for pollock by regulation, then no pollock CDQ reserve will be established for those areas and incidental harvest of pollock by CDQ groups will accrue against the incidental catch allowance for pollock established under  $\S679.20(a)(5)(i)(A)(1)$ .

- (b) Halibut CDQ reserve. (1) NMFS will annually withhold from IFQ allocation the proportions of the halibut catch limit that are specified in paragraph (b) of this section for use as a CDQ reserve.
- (2) Portions of the CDQ for each specified IPHC regulatory area may be allocated for the exclusive use of an eligible Western Alaska community or group of communities in accordance with a CDP approved by the Governor in consultation with the Council and approved by NMFS.
- (3) The proportions of the halibut catch limit annually withheld for the halibut CDQ program, exclusive of issued QS, and the eligible communities for which they shall be made available are as follows for each IPHC regulatory area (see Figure 15 to this part):
- (i) Area 4B. In IPHC regulatory area 4B, 20 percent of the annual halibut quota shall be made available to eligible communities physically located in, or proximate to, this regulatory area.
- (ii) Area 4C. In IPHC regulatory area 4C, 50 percent of the halibut quota shall be made available to eligible communities physically located in IPHC regulatory area 4C.
- (iii) Area 4D. In IPHC regulatory area 4D, 30 percent of the annual halibut quota shall be made available to eligible communities located in, or proximate to, IPHC regulatory areas 4D and 4E.
- (iv) Area 4E. In IPHC regulatory area 4E, 100 percent of the halibut quota shall be made available to eligible communities located in, or proximate to, IPHC regulatory area 4E. A fishing trip

#### §679.31

limit of 10,000 lb (4.54 mt) applies to halibut CDQ harvested in IPHC regulatory area 4E through September 1.

- (4) For the purposes of this section, "proximate to" an IPHC regulatory area means within 10 nm from the point where the boundary of the IPHC regulatory area intersects land.
- (c) Groundfish CDQ reserves. (See §679.20(b)(1)(iii))
- (d) Crab CDQ reserves. Crab CDQ reserves for crab species governed by the Crab Rationalization Program are specified at \$680.40 (a)(1). For Norton Sound red king crab, 7.5 percent of the guideline harvest level specified by the State of Alaska is allocated to the crab CDQ reserve.
- (e) *PSQ reserve*. (See §679.21(e)(1)(i) and (e)(2)(ii)).
- (f) Management of the Groundfish CDQ Reserves—(1) Groundfish CDQ reserves allocated among CDQ groups. (i) Except as limited by paragraph (f)(2) of this section, the groundfish CDQ reserves are apportioned among CDQ groups using percentage allocations approved by NMFS under §679.30(d).
- (ii) If the groundfish harvest specifications required by §679.20(c) change the species comprising a TAC category or change a TAC category by combining or splitting management areas, then the CDQ percentage allocations approved by NMFS for the original TAC category will apply to any new categories.
- (iii) A CDQ group is prohibited by §679.7(d)(5) from exceeding an annual groundfish CDQ amount allocated to it.
- (iv) NMFS may specify limitations or prohibitions to prevent overfishing of any BSAI groundfish species, including measures specific to groundfish CDQ species allocated among CDQ groups (see § 679.20(d)(3)).

- (2) Groundfish CDQ reserves not allocated among CDQ groups. (i) The "other species" CDQ reserve, or individual species that comprise the "other species" CDQ reserve, will not be allocated among CDQ groups.
- (ii) Groundfish CDQ reserves not allocated among CDQ groups will be managed at the CDQ reserve level under general limitations at §679.20(d).
- (g) Non-specific CDQ reserve (applicable through December 31, 2002). Annually, NMFS will apportion 50 percent of the arrowtooth flounder CDQ and 15 percent of the "other species" CDQ for each CDQ group to a non-specific CDQ reserve. A CDQ group's non-specific CDQ reserve must be for the exclusive use of that CDQ group. A release from the non-specific reserve to the CDQ group's arrowtooth flounder or "other species" CDQ is a technical amendment to a community development plan as described in §679.30(g)(5). The technical amendment must be approved before harvests relying on CDQ transferred from the non-specific CDQ reserve may be conducted.

[63 FR 8361, Feb. 19, 1998, as amended at 63 FR 30407, June 4, 1998; 64 FR 3882, Jan. 26, 1999; 64 FR 20214, Apr. 26, 1999; 64 FR 61982, Nov. 15, 1999; 66 FR 13678, Mar. 7, 2001; 67 FR 13293, Mar. 22, 2002; 67 FR 79733, Dec. 30, 2002; 68 FR 9905, Mar. 3, 2003; 68 FR 69977, Dec. 16, 2003; 70 FR 10238, Mar. 2, 2005]

EFFECTIVE DATE NOTES: 1. At 72 FR 50818, Sept. 4, 2007, §679.31 the paragraphs in the table shown below were amended by, removing the phrase indicated under the "Remove" column and replacing it with the phrase indicated under the "Add" column for the number of times indicated in the "Frequency" column, effective Jan. 1, 2008. For the convenience of the user, the removed and added text is set forth as follows:

Paragraph(s)	Remove	Add	Frequency
§ 679.31(c)	(See § 679.20(b)(1)(iii))	(See § 679.20(a)(7)(i) and (b)(1)(iii).)	1
§ 679.31(e)	(See § 679.21(e)(1)(i) and (e)(2)(ii)).	(See § 679.21(e)(3)(i)(A) and (e)(4)(i)(A).)	1

2. At 72 FR 52725, Sept. 14, 2007, §679.31 was amended by removing paragraphs (a)(2), (c), and (f); redesignating paragraphs (b), (d), and (e) as paragraphs (a)(2), (3), and (4), respectively. In redesignated paragraph (a)(2), fur-

ther redesignate paragraphs (1), (2), and (3) introductory text, and (4) as paragraphs (a)(2)(i), (ii), (iii), and (iv), respectively. In redesignated paragraph (a)(2)(iii), further redesignate paragraphs (i), (ii), (iii) and (iv) as

paragraphs (a)(2)(iii)(A), (B), (C), and (D), respectively, and add and reserve paragraph (b); and revise the section heading, the heading for paragraph (a) and paragraph (a)(1), effective Oct. 15, 2007. For the convenience of the user, the added and revised text is set forth as follows:

### § 679.31 CDQ and PSQ reserves.

\* \* \* \* \* \*

(a) CDQ and PSQ reserves—(1) Groundfish CDQ reserves. See § 679.20(b)(1)(ii).

# § 679.32 Groundfish and halibut CDQ catch monitoring.

- (a) Applicability. This section contains requirements for CDQ groups, operators of vessels, and managers of processors that harvest and/or process groundfish CDQ, including vessels equal to or greater than 60 ft (18.3 m) LOA that are halibut CDQ fishing.
- (b) PSQ catch. Time and area closures required once a CDQ group has reached its salmon PSQ or crab PSQ are listed in §679.7(d)(7) through (10). The catch of salmon or crab by vessels using other than trawl gear does not accrue to the PSQ for these species. The discard of halibut by vessels using pot or jig gear will not accrue to the halibut PSQ if this bycatch has been exempted from the halibut PSC limit under §679.21(e)(5) in the annual specifications published in the FEDERAL REGISTER
- (c) Vessels eligible for groundfish and halibut CDQ fisheries. The following information must be provided by the CDQ group for all vessels that are groundfish CDQ fishing and all vessels equal to or greater than 60 ft (18.3 m) LOA that are halibut CDQ fishing.
- (1) Request for approval of an eligible vessel. Prior to a vessel participating in the CDQ fishery, a CDQ group must submit to NMFS a completed request for approval of an eligible vessel as described at §679.5(n)(4). NMFS will approve all vessels for which a completed request is submitted. Once approved, a vessel will remain eligible until December 31 of the last year in the current CDQ allocation cycle under §679.30(d), or until the CDQ group removes the vessel from eligibility under paragraph (c)(2) of this section. A list

of eligible vessels for each CDQ group will be publicly available from the Alaska Regional Office or on the NMFS website at http://www.fakr.noaa.gov. The CDQ group must provide a copy of the NMFS-approved eligible vessel request to the operator of the approved vessel. The vessel operator must maintain a copy of the eligible vessel request approved by NMFS onboard the vessel at all times while harvesting, transporting, or offloading CDQ.

- (2) Removing a vessel from eligibility. A CDQ group may remove a vessel from eligibility to harvest CDQ on its behalf by advising NMFS by letter of the removal. Removal of a vessel from eligibility to harvest CDQ will be effective on the date that NMFS approves the request and notifies the CDQ group of NMFS's approval. Upon receipt of notification of NMFS's approval, the CDQ group must notify the operator of the vessel of the vessel's removal from eligibility to harvest CDQ on behalf of the CDQ group.
- (d) Requirements for vessels and processors. In addition to complying with the minimum observer coverage requirements at §679.50(c)(4), operators of vessels groundfish CDQ fishing and managers of shoreside processors or stationary floating processors taking deliveries from vessels groundfish CDQ fishing must comply with the following requirements:
- (1) Catcher vessels without an observer.
  (i) Operators of catcher vessels less than 60 ft (18.3 m) LOA must retain all groundfish CDQ species, halibut CDQ, and salmon PSQ until they are delivered to a processor that meets the requirements of paragraph (d)(3) or (d)(4) of this section, unless retention of groundfish CDQ species is not authorized under §679.4, discard of the groundfish CDQ species is required under subpart B of this part, or, in waters within the State of Alaska, discard is required by the State of Alaska.
- (ii) Catcher vessels delivering unsorted codends. Operators of catcher vessels delivering unsorted codends to motherships must retain all CDQ and PSQ species and deliver them to a mothership that meets the requirements of paragraph (d)(4) of this section.
